Gambhir Housing India (GHI) is a progressive name in the Realty space. It shares the vision of creating well planned residential and commercial communities that set the standards in land use, site planning, resource management, safety, amenities, social infrastructure, environment protection and preservation.

The Group strives for total customer satisfaction. The Organization strongly believes that quality is not the responsibility of a particular department or person but it is of the organisation as a whole. Hence quality is never compromised irrespective of conditions that are affected by men, material, machine or the method.
