Sector – 75, Noida

ABOUT US

Maxblis strives to build the best and outperform its own visions. Maxblis has continually pioneered newer technologies, bold design and precision engineering to create landmark residential and commercial complexes.

With foresighted convictions and never ending aspirations, the Maxblis has touched new heights in developing a host of projects ranging from Group Housing, Townships, and Commercial Complexes. A firm believer of fair business ethics we believe in re-orienting ways to develop landmarks that not only match the client's requirements but also stand out from the rest as suave masterpieces.

Maxblis believes its buildings should reflect engineering excellence with a view to providing complete customer satisfaction. It is our intention that the quality of our products and services should result in complete value for our clients, as well as foster continuous demand for our products. While rendering our construction services, we shall strive to make Environmental, Health and Safety (EHS) matters as an integral part of our business.

MAXBLIS TAJ WELLINGTON

The Best of the World in your Home. The City outside your Window. Sometimes, You Can Have It All.

Panoramic views of the city outside, and the finest international brands and styling within - your residence at Maxblis Taj Wellington would transcend even the highest expectations.

Every corner of your spacious home speaks of luxury and fine taste, with elegant vitrified tiles and stylish wooden flooring, international fittings and immaculate finishes. Advanced technology ensures that appliances flick on at the touch of a button. While intelligent planning provides for every possible requirement.

Most people live in buildings. You Reside in an Architectural Icon

- Designed according to latest IS codes
- Structural design vetted by reputed Institutes
- Use of shear/RCC walls for extra strength
- Richer mix of concrete
- Regular cube testing, sieve analysis, slump cone, core testing and cement strength analysis
- Use of treated water for construction
- Earthquake resistant space frame and full ductile detailing
- Digital integrated fire fighting panels
- Load management device for emergency lighting to ensure 24x7 electricity.
