Kalinga Nagar is very pleasant ambiance to live with all facilities available at hand. Mega institutional structures have come up in the area. Highly prospective area for future development to establish offices and other service sector units.

Pros:

- Highly developed area
- University campus is located
- Highly developed market and other big institutes

Cons:

- Roads need improvement in certain areas
- Remain very crowded during office hours

Project Reviews

Trident Galaxy

Trident Galaxy is delayed over 2 years for phase one and over one year for the phase II. The price and value is not good and the builder take 95% money of the customer without giving house in the time. The promise quality is not there and the amenities are still not completed and hope it take another few years to complete. The builder and management people are not at all good on way to talk with the customer. They promised sunlight and ample of play area and open space and when you look the building it's otherwise. The architecture is worse, their is no engineering. The house are looks on 90's plan no sunlight, not better free space.

Cons:

- Very far from the city
- No sunlight some houses and not clear ventilation
- Not good road and shopping center
