Expert Reviews on Faith Eco Space

Faith Eco Space has been stopped long back, and now they are asking more money to complete this project. So the bottom line is please do not go into any of the projects of Faith Inc and Land Owners (Rajkumar, P. K Chandrashekar, Babu Reddy). So anybody going with their project can land up in the same situation, after sometime, holding the project, and then asking more money from their property purchasers, investors.

Cons:

- Holding the project, and then asking more money from their property purchasers, investors.

Faith Eco Space property is under litigation, construction is stopped log back. Builder doesn't have funds to complete the project. Moreover land owners/builder is asking 5 Cr to start the project again. Land owners are also involved in this matter, They are also a builder, but they don't want to start the project.

Pros:

- *Well Planned Area*

Cons:

- *Will take time to complete the project.*
- *Property is under litigation.*
