The place inspires the poet in you. You are not part of the sickening hustle and bustle of the city life any more. If you want to meditate - shutting out all the noises - you can't find a better place. Or if you want to take a break and sleep in a hammock, listening to your favourite number, Ivory County is the place you have to be in. Or take a walk in the woods, listening to the music of the birds and the rustle of the leaves or the whispers of the wind.
