Description

Mirchandani Group, with over 5 decades of experience in the Construction and Real Estate industry, has redefined the standards of quality, commitment, honesty, sincerity and established itself as the top developer in the industry. Set up in 1953 as a construction infrastructure firm, the group's core business was to undertake the construction of government projects. In 1986 the group diversified and became a private real estate developer and since then we have constructed and delivered over 45 Lac Square Feet and have a whopping 40 Lac Square Feet under construction (as on Dec 2010). These include residential townships, premium homes and commercial towers. We completed the Golden Jubilee of our establishment in the year 2003.

Shalimar Palms, has been constructed in accordance with modern trends and its layout is easily at par with the best in the country. It was with Shalimar Township that the word 'lifestyle' came to be associated with township housing. Though much has changed since then in terms of design, concept and materials, seen in the context of the township construction trends that were then prevalent, Shalimar Township stands out for its attempt to move far beyond the concept of 'just plain living'. The very concept of a Shalimar Palms invokes feelings of belonging; you feel as if you belong to a large yet manageably compact family. There is a sense of togetherness and security. A very important point, probably the most important factor, is that living in a township like Shalimar Palms allows you to live a fuller life, one of fun, enjoyment, and more opportunities for bringing in a work-play balance in life because of all that is offered - from a skating rink, walkways, a cricket net practice facility, club house with swimming pool to a fitness centre with steam bath facility.
