Chakan is fastly developing Automotive industrial hub in Pune. This place is having very good road connectivity to Pune nashik Highway and Mumbai Nagar highway. The industries in Chakan is having very good reach to Talegaon MIDC, Bhosari MIDC, Khed City SEZ and Ranjangaon MIDC too. Reputed MNC's like Mahindra and Mahindra, Mercedes , Hyundai, Tetra pak, G. E. Philips , Forbes Marshall , New holland and many more are situated in this area. With Chakan MIDC Phase-1, 2, 3 and 4 it is having private industrial area.

For those people who are searching for Residential property in Chakan I will suggest not to invest immediately as there are very few residential properties having amenities and quality construction in Chakan and those also not giving good returns after sales. Its always crowded due to consession and poor traffic management. Clean drinking water supply is not guaranteed and in rainy season roads becomes muddy which make the place not suitable for residential use, while industrial area roads are very broads and well developed

Pros:

- Affordable residential place for economy class people
- Connectivity to all major Industrial hubs in and near pune

Cons:

- Not suitable for luxury class residential place.
- Very crowded at peak timing with very poor traffic management
- Pure drinking water is not available in ample quantity.

Chakan is upcoming and one of the fastest growing automobile hub in India. Lot many OEMs are working here like Mercedes, Mahindra, Volkswagen, Bajaj, etc. There is huge demand for Industrial Sheds on rent/lease here. The current rates for Industrial shed on rent in Chakan is Rs.22 to Rs. 26 per sq.ft. Industrial Sheds are usually available with all facilities & amenities. In the month of Jan & Feb 2013 the demands for Industrial shed/Factory on rent/lease had dropped down. But in this month i.e May 2013, the demand has cropped up. There are positive vibration in industry to setup new unit/plant in Chakan MIDC.

Pros:

- *Availability of skilled manpower*
- *Proximity to Airport/Port/Mumbai/National Highways*
- *Many OEMs are located in Chakan*

Cons:

- *Land rates are on higher side*
