Description

When we say quality, eco-friendly house, we mean it. We make full use of wind and solar energy, and use natural light and LED's to cut cost and emissions. With futures like CNG powered backup stations, in-house garbage treatment (an unexplored western concept). We put emphasis on the use of natural resources to reduce the ecological foot print and carbon in emission.

With health club, swimming pools, sports facilities (including bowling alley, videogame, poll table, indoor golf putts, etc, a commercial complex with departmental store, laundry service and medical stores and a L'Oreal beauty salon, Eco-Village-II is a mini township that takes your comfort and convenience to a whole new level.
