The 23 km Long Noida Greater Noida Expressway is an epitome of marvelous infrastructure which has catalysed economic activity in the region, with the corporate sector making a beeline for this stretch. Spotting the opportunity, several industrial houses and foreign establishments have made their presence felt along the Expressway . The expressway have seen and is witnessing a lot of commercial development currently with many Multinational companies like Oracle, TCS,Infosys,General Electric,KPMG,Samsung,Linkedin,Cognizant, HCL either have set up base there or planning to make it into a corporate and a commercial hub in future. The Expressway has around 4-5 Special Economic Zone providing a conducive environment and policies for big companies to come and set up a base there. The influx of corporate companies and given rise to tremendous residential development taking place on each side of Noida Expressway. Its like an underdog preparing to see multi-fold growth and development in years to come. With the advent of Metro in late 2017 the Expressway will become easily accessible for thousands of people who come to work in these MNC companies.

Pros:

- *4 lane Expressway with best in class Infrastructure*
- *Best horticulture, Landscaping and Greenery on each side*
- *Its an emerging city in itself with mix of commercial and residential development on each side*

Cons:

- *Lack of Public Transport currently*
- *Lack of recreational activities*

The Noida-Greater Noida Expressway is a six-lane highway connecting Noida. The expressway is 24.53 km (15.24 mi) long, built at a cost of 400 crores to relieve the National Highway 2 which was already congested and ran through the heart of cities like Faridabad, Ballabhgarh and Palwal.

Pros:

- *Well Connected with City*
