The genesis of EKTA group dates back to the year 1987. Since then the company has grown from strength to strength. Making each project a memorable part of the city skyline, the group has not just built remarkable structures but has also built a reputation that is as solid. Today the group prides itself to be among the top priorities of discerning buyers across cities like Mumbai and Pune. With every new project the group has consciously worked towards being more and more environment responsible. Quality is perhaps the most widely used terms, but Ekta lets its standards do the talking. The ISO 9001:2000 certification and recognition by American Quality Standards speak for themselves. The group has built choicest residential complexes in the western suburbs between Bandra and Dahisar in Mumbai and also in Pune city. More than two decades in the construction business, Ekta has been developing three to four lakh sq.ft. real estate properties per year.
