Aliens Space Station builder are not compromising in quality of construction. May be this is the reason for delay. But I loved the project its simply superb. It is one of the wonderful construction in South India. We are very happy to see our home at Aliens Space Station, We like our home, Quality, Home Automation & also the technology. I am thrilled by the sky villa. Never ever saw such a beautiful piece of infrastructure. Not only this Aliens Group Pvt Ltd are transforming the whole Tellapur region. The Lake nearby adds to the beauty of the apartments. Quality construction but delay due to various reasons. If completed the project would be a jewel in the crown of Telangana. Splendid apartments the architectural features have seriously impressed me. Me and my family are totally moved by the spectacular interiors and the location is also worth investing.

■ *Developing area*

Aliens Space Station where I booked a flat in 2010 January. With a bank loan of 41 lacs approved and with a down payment of 8 lacs from my end, I was given a delivery timeline of Nov 2011 initially. I also got the flat registered in 2011 basis guidance from Aliens employees. Nov 2011 passed without a call, mail, After 2012 ended, and with delivery not in sight, the regular monthly progress updates from Aliens vanished slowly. All this while I am still paying 43000 EMI per month. After a while, in spite of making 100's of phone calls, the employees stopped picking up calls, to direct number or to land lines. Sometime in 2014, I got a surprise call and mail from Aliens they asked me to cough up 30 lacs more (51 lacs was initial flat cost, now they asked me close to 80 lacs). I don't think this group has any credibility or willingness to do a clean business. They have handed 15 flats so far, compared to 2000 promised and advertised, that too after 6 years. There is no way they intend to complete this project, so pls be cautious and don't jeopardize your hard earned money.

**Pros:**

- *Flashy presentations*

**Cons:**

- *Pathetic management, no intent to build*

Posted: Apr 23, 2015 by Antoney Vincent

Aliens Space Station is a project by Aliens Group which is a big cheater. Please do not fall in their trap and advise all. All owners are suffering for years. They will not hand over the flat.

**Cons:**

- *Possession is yet to be given*

Posted: Mar 12, 2015 by Sanjay Sen

Aliens Space Station is not a genuine project suggestions to all prospective customers who may fall prey to Aliens group's fraud:

- 1.) Don't be in rush to buy after you are lured by handful of flats they could finish in 9 years rather enquire with GHMC as to when they started this project and then use your brain to extrapolate as to how many more years it will take for them to finish complete project.
  - 2.) Visit state/national consumer forum to know yourself as to how many cases are running against them.
  - 3.) Try to talk to as many as existing customers you could to get an idea of intensity of this scam.
  - 4.) Visit all the bankers and not just one you decide to get loan from and get to know why most of the banks have stopped loan to Aliens
  - 5.) Visit RC Puram police station near BHEL and check the FIR against them and the number of people in that FIR.
  - 6.) If you have any relative or acquaintances in any media house check with him.
  - 7.) Talk to land owners whose case is in Arbitration against Aliens.
  - 8.) Do search with keywords like "Aliens fraud" Or "Aliens scam" etc on Google to be able to visit various pages/ blogs where harassed customers have posted their cases.
  - 9.) Try to get contacts of ex employees of Aliens to know the real picture and the reason they left Aliens.
- I don't want to enforce my views on anybody but idea is to help everyone research and find out the truth on his own.

**Cons:**

- *The project is a scam*

Posted: Mar 5, 2015 by Alok Shukla

Aliens Group has cheated 1500 customers, on the name of Aliens Space Station -1. As an owner of flat in Space Station 1, we all met Home Minister and asked to take action against this builder. Beware of this developer and do not encourage them.

**Cons:**

- *Still not even 10% project is completed after 7 years*
