Description

Rohan Ishan a new launch project by Rohan Group. Pull your drapes aside, and throw the windows open. Sunlight will pour in right from the large windows in all the rooms. The project is very well lit because each window looks out onto open landscapes. The project is having all the windows have been aligned to let in a steady stream of light. The project ensured that for as long as you live here, you will never feel the need to use artificial light when the sun's still up.
