New Town action area 3 is the fastest developing area of New New town smart city. Many residential and commercial projects are under construction and many had already started their operation from the same locality. The New town IT hub will be extending to Action area 3. As the IT part is started from Unitech Infospace. The locality is best place for investment purpose. The new launch properties are much beneficial instead of resell properties.

Regarding communication, its very convenient to reach any place of Kolkata. Naturally the area is surrounded by many natural lakes. The flora and fiona of the locality is mind blowing.

**Pros:**

- Fastest developing area
- Affordable housing available
- Good communication

**Cons:**

- Very few local markets
- lonely locality
