Br Br note : News for lutyens' bungalow: Br the bungalows would be reconstructed to accommodate the backlog vips and wips, cleared by the prime ministers office (Pmo). Br bungalow talk: Br 1114 bungalows in lutyens bungalow zone br 800 identified by cpwd as likely hazardous; Survey on br 19 bungalows in sunehari bagh to be converted to 32 br 3 existing bungalows to be razed; 16 added br 26 km the spread of lutyens bungalow zone in central delhi br zone includes the presidents estate, central vista, nehru park, race course road, princes park, teen murti house, bungalows on gymkahana club road, akbar road, safdarjung road, prithviraj road, sikandra road, barakhamba road, bengali market, tolstoy marg etc. Br the lutyens bungalow zone covers an area of about 26 square kilometers which constitutes a tiny fraction of the area of metropolitan delhi covering an area of 3179 sq. Km. Yet the lbz are can be characterized as a rare jewel set at the centre of the complex and chaotic urban framework of the national capital region. The lbz area houses the seat of the national government and contains the official residence of the president of india, the prime minister and all other union ministers, members of parliament, senior most members of the judiciary, senior most officers of the armed forces and the civil services, as well as housing important national public institutions. Thus the lbz area relates not just to the city of delhi but in a way to the whole indian nation. Br while doing a diagnostic survey of lutyens bungalow zone it become apparent that the entire area does not have a uniform architectural character. Like... Br 1. Land which is public green and forest. Br 2. Land in use for public institutions, including government and other public offices, cultural institutions, hotels, and protected historic monument. Br 3. Land under government residences (Bungalows and other types) br 4. Land leased for private residences. Br 5. Land for markets. Br 6. Land under barracks/hutments of temporary construction. Br it is hoped that the ministry of urban development is able to benefit from the public debate on the issues emerging from the need to redevelop lutyens bungalow zone. Being the capital city delhi inevitably becomes a model for the rest of the country, and any redevelopment exercise here will set trends to influence urban reconstruction in india in the years to come.
