Kursi Road area is a very good locality in close proximity to engineering colleges, management institutes, polyclinic, integral university, kukrail picnic spot. It is well accessible on a 4 lane highway connected to the ring road and has many petrol pumps. All daily necessities and utilities are easily available and within close reach. Area is developing very fast with high potential for property value escalation It will connect Lucknow to Bahraich and Nepal border by this road. In future there would be 6, 6 lane road as per plan in some month. Kursi Road is very famous for Asia College and the rates are rapidly growing with break-neck speed.

Pros:

- *Good location*

Cons:

- *Presently its single lane road.*
