### Locality Reviews

Whitefield in Bangalore, India, has long been a hub for information technology (IT) and business process outsourcing (BPO) companies. With the COVID-19 pandemic accelerating the adoption of remote work, many have speculated about the future of office space in this area. One potential scenario is that companies will continue to downsize their physical office spaces, as remote work has proven successful for many businesses. Employees may only come into the office for meetings

or specific tasks that require in-person collaboration, and shared office spaces or coworking spaces may become more popular as a cost-effective solution for companies that still require some physical office presence.

Another possibility is that companies will reevaluate the design of their offices to prioritize employee wellness and collaboration. This may mean more open floor plans, outdoor spaces, and amenities like gyms or meditation rooms. With the rise of hybrid work models, where employees split their time between remote work and office work, the office space may become a place for fostering company culture and social connection.

Furthermore, the pandemic has also highlighted the importance of having a robust digital infrastructure for remote work. As a result, the future of office spaces may involve more advanced technology, such as virtual reality and augmented reality tools, to facilitate remote collaboration and communication.

In addition, Whitefield may also see an increase in the number of flexible office spaces. These spaces allow companies to rent offices or workstations on a short-term or as-needed basis, which can be especially beneficial for startups or companies with fluctuating staffing needs.

Overall, the future of office space in Whitefield, Bangalore, is likely to be shaped by the ongoing pandemic, as well as broader trends in remote work and workplace design.

**Pros:**

- *good place to work*
- *all amenities nearby*

One of the prime locations. IT hub with good connectivity. Green and peaceful environment. Nearby schools, hospitals and other public facilities.

**Pros:**

- *Prime location*
- *Posh locality*
- *Good connectivity*

**Cons:**

- *Traffic congestion*

Whitefield is one of the fastest growing suburbs of Bangalore. Being a IT hub, it has many reputed schools, hospitals and shopping malls within close proximity. Jagriti theatre is a centre for cultural activities. Many major restaurant chains and commercial brands have outlets here. Work has begun for Metro connectivity. Many localities are peaceful and green. The bus connectivity is very good in Brookfield area. The traffic is heavy in peak hours but measures are being taken to improve by constructing underpasses and signal free corridors.

**Pros:**

- *Schools, hospitals, malls in close range. IT hub.*
- *Peaceful and green in many localities*
- *Good connectivity*

**Cons:**

- *Traffic is heavy during peak hours*

The 'Whitefield', where the 'whites' once lived and cultivated the 'fields' is far to the east of 'Bengalure' founded by the erstwhile ruler 'Kempe Gowda'. Practically, Whitefield is still on Eastern edge of Bengaluru, though it has vastly transformed by becoming the Technological and Industrial hub, employing many many people. The voluminous growth of Whitfield was however not matched by the growth of its infrastructure. Never the less, it remains to be the 'pensioners' paradise, with its 'lung spaces' to the East, thanks to the 'green belts' and water-bodies around the Whitefield. When the planned 'Metro' connectivity is implemented, the Whitefield will be close enough to the busy CBD.

**Pros:**

- *serene atmosphere with green belts and water-bodies*
- *A lot of employment oppurtunities*
- *Well connected to CBD by the Railway, Bus service by BMTC and the propesd Metro*

**Cons:**

- *Presently, highly congested road-traffic*
- *Low ground-water resource*
- *slums amidst high-rises and pollution*
